A rare occasion... A tornado damaged the roof of their warehouse and the insurance company paid the claim.
DON'T MISS THIS EVENT!

Tornado Hits Warehouse of
Probably the Most PRESTIGIOUS... The most DESIRABLE... name in
very very famous
 with very very famous lawyers
CRYSTAL
Collectibles

This is probably the most famous brand of crystal collectibles in the world.... and it's a totally legitimate event - Jerry says we have the right to use the name.... but one lawyer says "Use the famous name at your own risk" ...and Bill says "Why take a chance when everyone's going to know who the famous name is anyway?" So, we aren't mentioning the name... If we did, we'd surely get long lines at our doors, but some of them would be lawyers....

WHAT ABOUT CONDITION?
 We bought this merchandise from the salvor for the insurance co., and it's perfect...any sign of damage at all is that on some of the boxes there's some dust, maybe a wrinkle, nothing major... but the insurance co. collects premiums on millions worth of this stuff... They probably paid the claim just because it was good business.
